“ Claretta, I will always remember you and your brother running around with your mother. She would always share some of technology things going on in your family. It was an honor to work with her and getting to know you and your brother. May God bless you with peace of mind and heart and one day, the whole family will meet again.

“ Words are hard to come by that truly express how sad I am at Scooby's untimely passing. My memories go back a lot of years as he was friends with my son and then my grandson. He truly loved to watch them and help when they were racing. I will miss his smile and laughter, and sitting by him at a race and getting his full description lap-by-lap. Lots of times recently when he was at a race, he would send me a live feed so I could watch. My thoughts and prayers are with the family and many friends. Love you, Scoob.

“ I know a lot of memories for many of Scooby have to do with racing. I have many with those as well. He made them so much more enjoyable for me. But one of my best memories was seeing the pride on my friend's face when I shot my first buck hunting on his land. He truly beamed just about as much as I did over it. Im truly saddened knowing I won't see that big grin of his again or hear that big hearty laugh. Yet.. it's comforting knowing someone like Scooby is now looking down on us all.
